Chesmar Homes is known for designing functionality and high-performance into homes it builds using cutting-edge building science techniques. Branded as **MPG** [Modern Design - Performance Guaranteed - Green CertifiedSM], it means that each Chesmar home is guaranteed to use less energy, cost less to operate, and provide a comfortable environment.

Chesmar associates core discipline is doing what they say they will do. Don Klein, President and founder of Chesmar Homes says he is living out his dream everyday. "At Chesmar, we build homes because we love to build homes. It is our passion...our profession of choice. Our professional team is top-notch; each is dedicated to creating neighborhoods and homes of distinction while providing an excellent customer experience. Our family style culture centers around taking

care of each other and making it our goal to have fun along our way to success!"

Since establishment in 2005, Chesmar has built and closed more than 2000 homes in many of Houston's premier communities. Among its many achievements is the development of seven different product series, having earned the Builder 100 designation, as well as receiving a Builder of the Year recognition by the Greater Houston Builders Association.

Community support is central to Chesmar Homes. The company is most notably known for its vigorous support of the GHBA Benefit Home Project, having partnered with developers and vendors to build three homes in three consecutive years, the proceeds of which benefit HomeAid Houston, Texas Children's Cancer Center, and Alzheimer's Association, Houston.
