

TERRI ALANI, DDS

A BEAUTIFUL SMILE SPEAKS WHEN YOU DON'T.

A beautiful smile speaks when you don't. Dr. Terri Alani is an experienced and caring dentist with a mission to not only take care of her patients smiles, but to educate them on the importance of good oral health as it relates to ones overall health. How does this dental office stand out from others? Dr. Alani states, "We are a small office with an amazing amount of personalized care.

Every staff member is trained to give each patient great service. We take blood pressure readings on every patient and provide oral cancer exams using new technology. Our treatment plans are customized based on the needs of each patient."

Dr. Alani is a general dentist, but her passion is cosmetic dentistry. Her cosmetic services include Zoom whitening, Snap on Smile, Invisalign, veneers, lumineers and metal free crowns.

Known as the TexasToothLady, Dr. Alani continues educating patients as a monthly regular on Channel 11's Great Day Houston for the past five years, as well as a panelist for Medical Mondays. She has been featured on Channel 13, Fox news and Channel 2.

Dr. Alani currently serves as the Chair of the Media Committee for The Greater Houston District Dental Society and also serves on the Advisory Council for the College of Science at Texas A&M. Radio also taps her nearly 30-year expertise as talk-show host with her brother, orthopedic surgeon, Dr. Wayne Alani. Together they discuss health-related topics every Saturday at 9 a.m. on CNN 650. She has been voted one of H-Magazines best dentist five times in the Houston area.

"Patients ask me when I am going to retire. I say never!! I absolutely love my job and the incredible fulfillment I get from knowing I have made a positive change in someone's life! We promise to give you our best efforts and a magnificent smile!" ■

Dr. Alani is on TV KHOU 11 Houston and on radio CNN650.
