

# THE CITY OF NASSAU BAY

NASSAU BAY HAS IT ALL

Nassau Bay's International Space Station Monument is a salute to the bold men and women of the many participating nations who created and continue to man this platform for mankind's continuing exploration of the universe.

Since its early days as the original hometown of manned space exploration, Nassau Bay has grown into one of the Bay Area's most beautiful and cherished communities. Nassau Bay has the perfect balance of high-tech, future-oriented aerospace and bio-medical business vitality, and a leisurely waterfront lifestyle.

From the Fourth of July bicycle parade and town picnic to the quest for interstellar knowledge, Nassau Bay is the perfect combination of Hometown, USA and the gateway to the future.

Small town lifestyle. Big city amenities. Nassau Bay is the center of a vibrant recreational, business and cultural area. The Bay Area's incredible variety of restaurants, shopping venues, and entertainment options makes it easy to have the good life right in the neighborhood. Nassau Bay is only 30 minutes from Houston's world-class sports teams, international culture, entertainment, shopping and business opportunities in one direction and Galveston's Gulf beach lifestyle in the other direction.

Directly across the street from the entrance to the world capital of space exploration—Johnson Space Center and Space Center Houston, Nassau Bay is the gateway to the future and the focal point for one of the

most vibrant intellectual communities in the world. Year-round, Nassau Bay offers exceptional water sports and access to Galveston Bay and the Gulf of Mexico. Nassau Bay is surrounded on three sides by some of the most beautiful waters in the region ... Clear Creek, Lake Nassau and Clear Lake. ■
