At Grant Thornton, making a difference—in Texas and beyond—is at the heart of what we do. As part of a global organization, we stand together in our commitment to be an audit, tax and advisory services firm that makes a difference to our clients, our colleagues, our profession and our communities.

Proudly located in the Energy Capital of the World for more than 40 years, the Houston office of Grant Thornton includes more than 250 professionals and staff focused on driving growth and helping navigate the complexities of today's business landscape. One of the largest and most well-respected professional-services firms in the city, we provide comprehensive audit, tax and advisory services to companies in a range of industries, with particular emphasis in energy; consumer and industrial products; construction, real estate, hospitality and restaurants; financial services and institutions; and

government, higher education and charitable not-for-profit entities.

Grant Thornton's National Energy Practice is headquartered in Houston and draws upon deep industry expertise and know-how to provide leadership throughout the industry. More than 35 percent of the office's business is derived from serving the unique needs of clients in the exploration and production, midstream and oilfield services sectors.

Houston is recognized as a leader in domestic and international business, with many dynamic, growing companies located here in the Bayou City. Grant Thornton offers seamless, integrated global service and significant industry experience to support clients through complex business activities and help reduce costs in an increasingly competitive and global marketplace. ■
