**O**ur story begins in 1961, in the height of Human Space Exploration. It was then, during the "Space Race" that the NASA – Johnson Space Center was established. As a by-product of NASA, JSC Federal Credit Union (JSC FCU) was born.

JSC FCU is located in the Greater Houston Bay Area some 25 miles south of Houston. This thriving community that supports hundreds of small businesses, a vast aerospace industry and thousands of hard-working and successful citizens is the backbone of JSC FCU's membership.

JSC FCU today is a full-service, member-owned financial institution and one of the largest Houston-area credit unions with more than \$1.6 billion in assets. JSC FCU consistently ranks at the top in *Houston Business Journal's* - Book of Lists each year, proving JSC FCU as a local industry leader.

When it comes to our success, we owe it all to one simple philosophy: Our members come first. Any profit we make goes back to the member-owners in the form of higher dividends, lower fees, lower interest rates and first-class financial education programs. This enables us to stay true to our commitment to grow financially self-sufficient members.

JSC FCU gives back to the communities we serve. As a not-for-profit organization in our own right, we offer volunteer-time, money and resources to local charities and outreach programs every year. Through our elementary school Deposit Day program and free community financial workshops, we understand the value of empowering people's financial lives.

Offering a full array of financial products, such as free checking accounts, vehicle loans, mortgages and investment products, JSC FCU stands ready to meet your needs at every stage in your family's life. ■
