With offices in Houston's Museum District and nearby Pearland, Texas, MaxwellLO Dental strives to provide clients with comprehensive dental and periodontal education and treatment in a relaxing environment. MaxwellLO Dental knows that clients' complete wellness is their responsibility, offering general, cosmetic, orthodontic, endodontic and surgical procedures, including implants, sedation and sleep apnea treatments.

Dr. Letitia Plummer, a second-generation dentist, has been in practice for more than 12 years. Understanding that time is of essence, Dr. Plummer has created a practice model where specialists come to the office, allowing patients to remain in a comfortable and familiar environment.

During a comprehensive exam, Dr. Plummer and her associates complete oral-cancer screening, vital-sign evaluation, medication overview discussing side effects and diet counseling to track signs of diabetes and autoimmune diseases.

MaxwellLO Dental provides comprehensive services with an eye for detail and the expertise to evaluate clients' perfect smile design natural in appearance and function. MaxwellLO Dental wants to accentuate natural beauty, believing every smile is unique. Considering complexion, facial shape, bone structure, personality and more,

Dr. Plummer employs cosmetic dentistry to ensure the proper smile design.

The periodontal therapists at MaxwellLO Dental understand soft-tissue management, diagnosing treatments and explaining the importance of healthy gums and soft tissue, the symptoms of gingivitis, periodontal disease and how systemic disease can present itself in the mouth.

MaxwellLO Dental also designs appliances to treat sleep apnea. The devices prevent the tongue from blocking the throat or move the lower jaw forward when the wearer is lying down thus helping keep the airways open during sleep.

A member of the American Dental Association, the Texas Association of Women Dentists, the Greater Houston Dental Society, the American Academy of Cosmetic Dentists and American Academies of Sleep Medicine and Dental Sleep Medicine, Dr. Plummer has extensive training in cosmetic dentistry with certifications in Invisalign, ClearCorrect, Fastbraces and sleep apnea treatments.

Dr. Plummer also gives back to the community through her nonprofit organization, Career Smiles, which deals with other nonprofits that have clients with cosmetic dental issues that are paid for by funding and sponsorship. ■
