Since 1927, Second Baptist Church has enjoyed a legacy of faith and vision, seeking to consistently step through open doors to expand the church's influence for Christ in Houston and around the world. Under the leadership of Dr. Ed Young, pastor, Second has become a multi-site church, with campuses at Woodway and Voss, Katy, Kingwood, Cypress and Pearland. With a current membership exceeding 65,000, Second is preparing to move forward once again, adding a sixth campus on FM 1463 at South Fry Road in Katy, and planning for a new home for the Cypress Campus at Highway 290 and the Grand Parkway. Through The Winning Walk, Second's radio, television and Internet broadcast ministry, Dr. Young's messages reach people across America and around the world.

Second loves kids – and kids love Second! From the youngest baby in the Nursery Ministry, to the TeamKid Children's Ministry and the Second Students Ministry for junior high and high school students, Second is committed to providing the best learning environment

for kids and students. Programs throughout the school year, plus summer camps, retreats and Vacation Bible School, reach thousands of families each year.

Second is a worshipping community, and worship is given the highest priority in the life of the church. Weekend services on Second's campuses offer everything from traditional choir and orchestra to blended services featuring small ensembles and praise teams. Bible Study classes foster community and focus on accurate application of God's Word to daily life, and dynamic programs for men and women feature outstanding speakers and special events.

Throughout the year, Second serves the local community through programs such as Serve Houston, Second Helping and Angels of Light. Second's heart for missions is reflected in annual trips to countries such as India, Colombia, Honduras, Guatemala and Nepal. And, as Houston continues to experience exponential growth and an influx of people from all over the world, Second hosts Bible studies and programs for many of the people groups who now call Houston home. ■
