We Provide Expert Care STAT!

Did you know that in many hospital emergency rooms, you could spend up to 10 hours in the waiting room while your condition possibly worsens? If you are experiencing a true medical emergency, minutes can be critical. That's why it's important to see an expert as quickly as possible.

At Texas Emergency Care Center, you will always be seen by a physician who is Board Certified in Emergency Medicine. What's more, the average wait time is less than 20 minutes, depending on the severity of patients being treated.

**24-Hour Emergency Care
That's Close To Home.**
